

Summer Reading Assignments 7th and 8th Grades

Dear Students:

You are receiving instructions and rubrics to complete your summer reading assignments. This summer you will be assigned a particular book to read depending on which grade you will be entering for the next school year. All of the reading classes will be completing the same assignments for their grade (with the exception of Kaleidoscope). You will be required to compose an essay following the directions on the rubric. You must complete the assignment and hand in the rubric that has been supplied on the first day of school.

All assignment instructions and rubrics are posted on the SPPS site.

We hope you enjoy your reading adventures and we will see you in September!

The 7th and 8th Grade Literature Teachers
